

Specifications

Model		DWS 190 mm	
Type		Cutting - Diamond Wire	
Part Number		7644-001	
Cutting Diameter		0 - 190 mm	
Dimensions L-W-H		716 - 532 - 293	
Motor		46cc	
Hydraulic Connection Type		JIC 3/4-16" Male	
Weight	Air	33 kg	
	Water	22,8 kg	
Working pressure		97 Bar	
Max hydraulic pressure		103 Bar	
RPM max	Flow max	969 RPM	45 LPM

IKM Technology Subsea Diamond Wire Saw with a range up to 190mm.

The DWS is designed for use by ROV and for various cutting operations where conventional rotating blades are insufficient. The saw is designed to cut steel pipes, steel profiles and wires.

Available for sale and rental.
